What did you learn this last year about what is important to you, in both what you lost and found?

LEARN & APPLY

Some things often lost that are important to find are: Hope, Focus, Identity, and Purpose.

Hope: Read Ephesians 1:15-21

- What does this passage say to you today about hope? Where does the Lord invite us to find our hope?

Focus: Read Hebrews 12:1-3

- When life feels unclear, where are we to focus? What does this look like in your life? How do you do this?

Identity: Read 1 John 3:1-3

- When we lose sight of who we are, what does this passage remind us?

Purpose: Read Matthew 5:14-16

- When we can't see our purpose, how does knowing that Jesus, himself, is the light of the world shed 'light' on this passage about our lives?
- Who are you remembering today who helped you find these things in Jesus? How might your life also shine that light for others?

PRAY

Lord God, Father, Son, and Holy Spirit - fill us with your light today that our lives might shine your love into a dark world. Amen.
